INVESTIGATIVE TRAINING

THE DETECTIVE ACADEMY

COURSE LINE UP:

NEW DETECTIVE ACADEMY

MAY 5TH AND 6TH

The New Detective Academy is designed for new and aspiring detectives (less than one year of investigative experience). This robust course covers all the requisite foundational skills needed to conduct an investigation, as well as tips from some of the most experienced Investigators on how to organize case load, write warrants, and manage an investigation.

CRIMES AGAINST CHILDREN

MAY 7TH AND 8TH

Crimes Against Children (CAC) is an expansive and difficult investigative path. This course is designed to help Detectives gain skills and confidence in CAC investigations

SEXUAL ASSAULT INVESTIGATIONS

MAY 9TH

Sexual Assault cases are not easy to investigate and even more difficult to prosecute. They require a patient, determined, and empathetic investigator with a unique skill set for interviewing these victims as well as suspects. Attendees will learn how to best serve the victims in these cases while still getting the best criminal accountability.
